

ProModel Corporation Announces Support of 10th Annual Paralyzed Veterans Golf Open

Critical event raises funds for PAVE program to support and address issue of veteran employment

LANSDOWNE, VA, June 19, 2017 — Today, ProModel Corporation announced its support and sponsorship of the 10th annual Paralyzed Veterans Golf Open, a full day event that brings together veterans, their caregivers and families, business leaders, military officials and government officials. This is the second year that ProModel has supported the PVGO, a unique event that enables paralyzed veterans and disabled military members to play golf alongside professional athletes and other supporters and showcase the latest adaptive sports technology.

Since its inception in 2008, the PVGO has dedicated 100% of funds to [Paralyzed Veterans of America's](#) Paving Access for Veterans Employment ([PAVE](#)) program, which provides free, one-on-one career assistance, benefits counseling and support to any veteran or family member, as well as assistance to employers committed to hiring veterans.

"ProModel is committed to honoring and supporting veterans in a variety of ways. While we enjoy sponsoring this event, we are even more committed to hiring veterans. It's hard to quantify the incredible leadership and skills these talented men and women bring to our organization and our customers said Keith Vadas, ProModel President and CEO. We are grateful to the PAVE program for all they do and the positive impact they have on veterans and their caregivers."

This year's event is expected to raise more than \$450K for PAVE, one of the fastest growing and most effective efforts to prepare and employ our nation's veterans. To date, the PVGO has raised \$3.2M since its inaugural event in 2008, and more than 5,000 veterans and military caregivers have been positively impacted through the program's personalized training and assistance.

"We are honored to welcome ProModel as a sponsor of this year's PVGO, and grateful for its contributions and support," said Al Kovach, national president of Paralyzed Veterans of America. "We could not have continued to host the PVGO for the last ten years, and provide such meaningful care for veterans, their families and caregivers without the commitment of our sponsors."

The PAVE program provides free one-on-one career assistance, benefits counseling and support to all veterans, their families, and their caregivers. The program specializes in assisting disabled veterans seeking to re-enter the workforce. PAVE's masters-level certified vocational counselors placed one veteran, caregiver, or family member per day last year. To learn more, visit <http://www.pva.org/veterans-employment>
